Guardianship

In Kentucky, guardianship is a legal relationship between a court appointed adult who assumed the role of guardian for a ward. A ward is a person who has been declared “legally disabled” by the court and is unable to care for personal needs and/or unable to manage his/her financial needs.

File for Guardianship
www.louisvilleky.gov
502.574.6333

Before starting the Petition process for Guardianship, it is first important to consider these other options:

Power of Attorney

A competent individual may sign a document called a Power of Attorney. This allows another adult to handle their financial affairs while still maintaining personal rights. This may be done through a private attorney and does not require court involvement.

Health Care Surrogate

The law also allows an adult to designate another adult to make medical decisions for him or her. This is similar to a Power of Attorney but focuses on medical issues versus financial affairs.

Representative Payee

A representative of a consenting adult may become payee of government benefits like Social Security Income and Veterans’ benefits. This person then is able to manage these funds on behalf of the individual. Payees are established through the specific agencies and not through the court system.

Curator

An aged or infirmed person may request a curator through the Probate court. The curator, appointed by the court, is responsible for managing the individual’s monies. The Curator must be insured or bonded and is accountable to the Probate court

Disabled Parking Permits

Persons whose mobility, flexibility, coordination, respiration, or perceptiveness is significantly reduced by a permanent or temporary disability to the arms, legs, lungs, heart, ears, or eyes, may obtain a permit with a licensed physician, chiropractor, or advanced practice registered nurse's original signature on the [application](#) for the permit. You may submit a request for a disabled placard by mail or drop box (available at the Motor Vehicle Branch locations). The application can be placed inside of a provided sealed envelope with the applicant's contact information listed on the outside. Only one form will be needed for up to two requested placards. In addition, if you will be mailing in or dropping off the request, the applicant's signature will also need to be notarized prior to being submitted. All mailed/dropped off applications should also include a \$2 processing/ mailing fee as the Disabled placard would be returned to the applicant via USPS mail once the request has been completed.

Medicare
www.medicare.gov

Medicare is federal health insurance for anyone age 65 and older, and some people under 65 with certain disabilities or conditions.

Part A-Hospital Insurance: Helps cover inpatient care in hospitals, skilled nursing facility care, hospice care, and home health care.

Part B-Medical Insurance: Helps cover services from doctors and other health care providers, outpatient care, home health care, durable medical equipment, and many preventative screenings.

Supplemental Insurance-Medigap: Extra insurance you can buy from a private company that helps pay your share of costs in Original Medicare. Policies are standardized, and in most states name by letters, like Plan G or Plan K. The benefits in each lettered plan are the same, no matter which insurance company sells it.

Part D-Drug Coverage: Helps cover the cost of prescription drugs (including recommended shots or vaccines).

Medicare Advantage-Part C: A Medicare approved plan from a private company that offers an alternative to Original Medicare for your health and drug coverage. These “bundled” plans include Part A, Part B, and usually Part D.

Kentucky Medicaid is a state and federal program authorized by Title XIX of the Social Security Act to provide health care for eligible low-income residents including children, families, pregnant women, the aged and the disabled. Eligibility is determined by a number of factors, including family size, income and the federal poverty level. Eligibility for Supplemental Security Income recipients, the aged, blind and disabled are based on additional requirements. Medicaid offers a number of programs and services directed at specific eligibility and medical needs.

Additional Programs:

QMB (Qualified Medicare Beneficiary)-For those who qualify, this Medicaid program pays for Part A, Part B and Medicare deductibles and coinsurance amounts on Medicare services.

SLMB (Specified Low-Income Medicare Beneficiary)-For those who qualify, this Medicaid program pays for Part B Premiums.

QI (Qualified Individual)- For those who qualify, this Medicaid program pays for Part B Premiums.

Waiver Program-Can provide Medicaid coverage for seniors to help them stay in their homes. To qualify you must meet nursing facility level of care criteria and Medicaid resource eligibility. You must have a physician's order.

Retirement-Social Security is part of the retirement plan for almost every American worker. It provides replacement income for qualified retirees and their families.

SSI-The Supplemental Security Income (SSI) program pays benefits to adults and children with disabilities who have limited income and resources.

SSDI-The SSDI program pays benefits to you and certain family members if you are "insured." This means that you worked long enough – and recently enough - and paid Social Security taxes on your earnings.

Medicare- Medicare is our country's health insurance program for people age 65 or older. Certain people younger than age 65 can qualify for Medicare too, including those with disabilities and those who have permanent kidney failure.

Family Health Centers

Provides services to anyone, regardless of the ability to pay. FHC accepts most insurance plans. FHC uses a sliding fee scale to determine "discounts" based on your family size and income. The sliding-fee-scale determines how much you will be asked to pay on the day of your visit, and how much you may be billed afterward.

Hart-Supported Living is a program that is based on individually designed plans for support. These plans provide people with disabilities the help they need to live successfully in a home of their choice. The individual with a disability (and the people who support him or her) plan and design a set of services which meets the person's needs and is consistent with the principles of Supported Living.

Examples of one-time requests: Adaptive and therapeutic equipment, home modifications, vehicle modifications, startup grants.

Examples of on-going requests: Personal Care service, community resource developers, homemakers' services, respite, recreation/leisure, live-in support, trainer in home management and independent living skills, support broker or personal agent, consultation, transportation, employment related expenses.

Office for Aging and Disabled Citizens

Mission:

The Office for Aging & Disabled Citizens provides leadership to and participates in community activities, advocating for rights, policies and funding that can enhance the lives and independence of seniors and disabled individuals.

What we do:

- The office works to ensure efficient and timely access to information and resources by and for aging and disabled citizens. We do this by providing information on community resources to the community at large.
- We educate the community on the needs of aging and disabled citizens; serve as a resource for giving information and referrals to individual citizens and provide consultation to community groups on aging and disability issues.
- We participate in community initiatives to sustain and improve services and funding to aging and disabled citizens.
